~~ABSTRACT OF CONTENT IS TENTATIVE~~

1. The Cartographic and Geodetic Instruments Institute is located on the road which runs from Sofia through Knyazhevo and Tsurkva to Stanke Dimitrov and Blacevgrad in the Struma Valley. More exactly, it is situated at the cross-roads of the Sofia - Knyazhevo and the Pavlovo-Boyana streetcar lines in Sofia. This is most probably the old Geographic Institute of Sofia which in 1954 left its old headquarters located on 9 Ruski Boulevard, near the center of Sofia. The old quarters were taken over by the People's Army Center (Dom na Narodnata Armiya). (See figure 1 of Appendixed sketch.)
2. The sketch included as an Appendix on page 2 shows also the following:
 - a. The Knyazhevo barracks of the 17 Motorized Infantry Regiment, subordinate to the 9 Armored Division; (See figure 2 of sketch.)
 - b. The "Suvorov" Military Academy, in the suburb of Pavlov (figure 3); and
 - c. The Villa Boyana in which Vulko Chervenkov resides. (figure 4).
